PROFESSIONAL SUMMARY

Aspiring Python Full Stack Developer with a strong foundation in software development, web technologies, and database management. Proficient in developing responsive web applications using React.js and building scalable backend solutions with Django, FastAPI, and REST APIs. Skilled in Python programming, SQL, frontend development, and problem-solving. Passionate about creating efficient, user-centric applications and continuously learning emerging technologies to deliver innovative software solutions.

TECHNICAL SKILLS

Programming Languages

- Python, SQL, JavaScript

Frontend Development

- HTML5, CSS, Bootstrap, React.js

Backend Development

- Django, FastAPI, REST APIs

Database Technologies

- MySQL, SQL Server

Tools & Platforms

- Git, GitHub, VS Code, PyCharm, MATLAB, MS Excel, MS Word

Core Competencies

- Problem Solving
- Object-Oriented Programming
- Responsive Web Design
- API Integration
- Team Collaboration

- Time Management
-

EDUCATION

Bachelor of Technology (B.Tech) – Electronics and Communication Engineering

Rajiv Gandhi University of Knowledge Technologies, Ongole | 2025

- Percentage: 83%

Pre-University Course (PUC)

Rajiv Gandhi University of Knowledge Technologies, Ongole | 2021

- Percentage: 92.1%

Secondary School Certificate (SSC)

Zilla Parishad High School, Nallacheruvu | 2019

- CGPA: 10.0
-

PROFESSIONAL TRAINING

Python Full Stack Development Program

Post-Graduation Professional Training Program | 2025 – 2026

Completed an intensive Python Full Stack Development training program covering frontend, backend, databases, and deployment concepts.

PROJECTS

Student Enrollment Management System | React.js

- Developed a responsive web-based student enrollment application using React.js.
- Built reusable React components to manage student registration and information display.
- Implemented state management using React Hooks (useState) for dynamic user interactions.
- Designed intuitive forms for capturing student details including name, email, course, and department.
- Created a clean, user-friendly interface with responsive layouts using CSS.

Smart Eye for Blind People | Arduino & IoT

- Designed and developed an assistive navigation system for visually impaired individuals.
- Utilized ultrasonic sensors to detect nearby obstacles in real time.
- Implemented audio alert mechanisms using buzzer modules to improve user awareness.
- Enhanced navigation safety through reliable obstacle detection and alert generation.

Digital Door Lock System | Embedded Systems

- Developed a password-protected smart door locking system using Arduino, keypad, and servo motor.
 - Implemented authentication logic to provide secure access control.
 - Improved home security through automated locking and password verification features.
 - Tested and optimized system performance for reliable operation.
-

INTERNSHIP EXPERIENCE

Web Development Intern | InternPe

- Developed responsive and interactive web pages using HTML, CSS, and JavaScript.
- Collaborated on front-end development tasks and website enhancements.
- Improved user experience through responsive design principles and optimized layouts.
- Gained practical exposure to modern web development workflows.

Artificial Intelligence Intern | Rinex

- Worked on machine learning and data analytics projects using Python.
 - Performed data preprocessing, exploratory data analysis, and visualization.
 - Developed predictive models using machine learning algorithms.
 - Gained practical exposure to AI concepts, automation, and data-driven problem solving.
-

CERTIFICATIONS

- NPTEL Certification – Introduction to Industry 4.0 and Industrial Internet of Things
 - Web Development Internship Certification – InternPe
 - Artificial Intelligence Internship Certification – Rinex
 - Data Analytics Master Class (30 Days) – Novitech Pvt. Ltd.
-

ACHIEVEMENTS

- Maintained strong academic performance throughout B.Tech with 83%.
 - Successfully completed multiple software development and IoT-based projects.
 - Acquired practical experience through internships in Web Development and Artificial Intelligence.
-

EXTRA-CURRICULAR ACTIVITIES

- Cricket
 - Basketball
-

CAREER INTERESTS

- Python Full Stack Development
- Software Engineering
- Web Application Development
- Backend Development
- Artificial Intelligence & Data Analytics
